WELCOME!

Each month our informative and useful newsletter focuses on new plant varieties, upcoming events plus industry trends and news. Feel free to pass along.

Mirror, Mirror on the Wall...

Which
Coprosma
is the
fairest
of them all?

That's a difficult question to answer! With today's plant breeding techniques mirror plants are now available in a kaleidoscope of color ranging from pinks to yellows to reds and dark green to almost black. Leaf sizes vary from tiny to medium. Many popular features have remained the same, such as leaves are still as shiny as ever, plants are low maintenance and once established have a low water requirement. Coprosmas are versatile. Excellent options for containers, borders or hedges. We offer one of the largest selections. Featured here are a few favorites. To see more visit our [plant library](#) or check to see what's [available](#) now. We will have a Coprosma 'mini poster' available soon.

Let Me Introduce You Give these COPROSMAS a try!

Coprosma repens 'Taupata Gold'

Fast growing evergreen shrub. Enjoys partial shade in hotter inland areas; otherwise full sun. Dark yellow leaf with green variegation in middle of leaf. Low water requirement and easy maintenance. Good hedge selection.

Height: 4'

Width: 2'

Coprosma repens 'Evening Glow'

Very colorful evergreen shrub with a natural pyramidal shape. Leaves are blotched with bright yellow turning bright orange-red later in summer to fall. Prefers partial shade in warmer inland areas. Tolerates ocean spray. Easy care. Low water requirement once established.

Height: 4'-5'

Width: 3'-4'

Coprosma repens 'County Park Red'

Compact evergreen shrub with small glossy green leaves maturing to a reddish. Good choice for slopes. Prefers partial shade in hotter inland areas. Hardy to 20°.

Height: 3'

Width: 3'

Coprosma Tequila Sunrise PP#18392

This colorful coprosma looks like a fiesta! A member of the Sunset Western Garden Collection this attractive variety starts with

emerald green and gold leaves, turning orange to red in warmer months. Can be shaped. Great for containers or borders. Low water requirement as it matures.

Height: 3'

Width: 3'

Coprosma repens 'Karo Red'

Compact grower with deep purplish-red shiny leaves looks great in a container with contrasting silvers and blues. Like all coprosmas prefers some afternoon shade in hotter inland areas. Low water requirement once established. Low maintenance.

Height: 4'

Width: 4'
