

## **Village Nurseries Opens Super Landscape Center in San Diego Exclusively for Landscape Professionals**

December 11, 2013 08:00 AM Eastern Standard Time

SAN DIEGO--([BUSINESS WIRE](#))--Village Nurseries Wholesale, LLC, a specialty grower for landscape professionals, today announced it has opened its new Miramar Super Landscape Center at 5400 Governor Drive in San Diego.

The new Super Center combines the inventory selection of the company's recently purchased 185-acre Miramar Nurseries with Village Nurseries' 700 acres statewide to give the San Diego County landscape professional a huge plant pallet to choose from. In-stock inventory includes time-tested favorites along with unique and patented plants available only through Village Nurseries. The Super Landscape Center offers 1 gallon through 36" box trees, shrubs, color, vines, natives, perennials, roses, citrus, shade plants, patio tree, specialty plants, and a wide array of hard-goods inventory.

To make it easier for professionals to quickly find what they need, Village Nurseries has consolidated its large diversity of plant material into a convenient seven-acre section where landscape professionals can drive through and pick up what they need. In addition, for faster check-out, the Center is installing special drive through check-out booths that will be operational by year's end. Customers can also have their orders completely staged and ready for pickup, or they can have their plants delivered directly to the job site.

"Our new Miramar Super Landscape Center offers San Diego landscape professionals a higher quality and diversified plant pallet," stated Mark Marriott, executive vice president of Village Nurseries Landscape Centers. "In addition to the large inventory of plants Miramar produced, we're adding 20 percent more variety from the huge selection available from Village Nurseries, including [Monrovia® Nurseries](#), [Sunset Western Garden Collection™](#), [Southland Sod](#), and a full line of [Kellogg Garden Products](#)."

The Miramar Super Landscape Center features a seasoned team of professionals including Operations Manager Ken Danzer, Sales Manager Dave Wright and Counter Manager Edna Coleman. Together, they offer customers over 80 years of plant and nursery knowledge and experience.

### **About Village Nurseries Landscape Centers**

Village Nurseries Landscape Centers furnish landscape contractors with the quality, service and selection they require at four California locations: Huntington Beach and Orange in Orange County, the Super Landscape Center at Miramar in San Diego County, and a facility in the Sacramento area.

With the support of Village Nurseries' growing facilities in both Northern and Southern California, the Landscape Centers offer the most varied and complete plant inventory in the West. All locations offer same day pick up or next day delivery. For further information on products and services, visit [www.villagenurserieslc.com](http://www.villagenurserieslc.com) or call the nearest local Landscape Center.

### **About Village Nurseries Wholesale**

Founded in 1976, Village Nurseries currently owns more than 875 acres of growing facilities located strategically throughout Northern and Southern California. In addition to California, the company serves markets throughout the western United States including Arizona, Nevada, Colorado, Idaho, Utah, New Mexico, Texas and Canada.
